What to Expect:

As young learners begin to walk and talk regularly, their curiosity drives them to explore. These teachers guide them through a day full of sensory experiences and interactions with their environments. Their self-reliance, empathy, and respect for their environment will be nurtured through group and independent play. These teachers provide a wholesome environment with interesting materials and toys to use, physical activities to develop motor skills, and songs and books to aid language acquisition. We look forward to pushing your child towards success!

Thank you,

Your Wesley School Family!
