What to Expect:

This class is a cooperative learning environment where children learn and grow together. A great teacher/family relationship is vital for your child's success - therefore, we encourage parents to be active members in their child's education by visiting and/or volunteering in the classroom when possible. The curriculum consists of thematic units that focus on developing literacy, numeracy, communication, and social skills. These teachers encourage meaningful learning through play and investigation. They also engage in individualized learning objectives during one-on-one and small group instruction as well as broad socialization throughout the day. We look forward to pushing your child towards success!

Thank you,

Your Wesley School Family!
