## **What to Expect:**

Our infant care program guides your baby's early experiences towards a lifelong love of learning. Teachers in this class provide an array of new experiences for the children. The Busy Bees' room is filled with toys, music, books, and more to help your baby develop at their own pace. Activities include tummy time, sign language, sensory play, nature walks, and more! Teacher read stories and sing songs to encourage language acquisition. They pass balls and play games to develop motor skills. They cuddle, nurture, and talk to your child to instill trust. By providing a healthy learning environment through movement, exploration, and communication, these teachers are setting your child up for success!

**Thank you,**
